AFI 32-7042, 12 May 1994, is supplemented as follows:

2.5.1.2. Documented inspections of initial accumulation points (accumulation locations) must be accomplished weekly. USAFA Form 83, **Weekly Inspection Log for Hazardous Waste Initial Accumulation Points (IAP)**, may be used to document these inspections.

2.6.2. (Bullet 8 (Added)). For hazardous waste, generators will complete a separate copy of USAFA Form 86, **Hazardous Waste Turn-In**, for each type of waste they are turning in. As specified in the instructions on the form, complete items 1 through 8 and attach a copy of the Material Safety Data Sheet (MSDS) or furnish the national stock number (NSN) and manufacturer for each waste. After the form has been properly filled out, contact Environmental (510 CES/CEV) to arrange for waste inspection and turn in.

2.6.2.1. (Added) Forms Prescribed. USAFA Forms 83 and 86.
